Weekly Newsletter-11th June (Week 21)

Weekly Update

The children have had a great first week back after half term and it's been great to see all the Science project work that has been submitted so far. The children have clearly enjoyed all their research on their chosen topics.

Next week we have a Planetarium in school which Year 1 and Year 5 children will enjoy and links to their Science topic.

Your child has been given a letter today with details of staffing for next academic year from September so please check book bags so you are aware of who your child's next class teacher will be.

To date, we are still in first place with the Lloyds Community Funding Scheme, votes close at the end of this month so we just need to hold on to our position. If we place first or second we will be allocated the funding to purchase lots of resources to support the Bushcraft sessions. Remember to ask friends and family to vote for New Road if they work for Lloyds Banking Group.

Science Fair at New Road

Science Fair

2021

Ogden Trust Partnership

Your child will have brought home a letter today regarding our first Science Fair in July. This will be a fantastic opportunity for the children to investigate an area of Science that interests them and that they can share with others. A presentation will be uploaded on to our Facebook page which explains further what we require the children to do. A power-point is now on our website under the tab More and then in Resources and activities. We hope you will support your child with this project and celebrate the amazing wonder of Science. It would also be great for New Road to win the Trophy too !!!!
