Science Fair

2021

Ogden Trust Partnership

Your child will have brought home a letter today regarding our first Science Fair in July. This will be a fantastic opportunity for the children to investigate an area of Science that interests them and that they can share with others. A presentation will be uploaded onto our Facebook page which explains further what we require the children to do. A power-point is now on our website under the tab More and then in Resources and activities. We hope you will support your child with this project and celebrate the amazing wonder of Science. It would also be great for New Road to win the Trophy too !!!!
